

MEMORANDUM

March 24, 2023

2023-24 Degree-Granting Differential Tuition Proposals

[Board Policy R510, Tuition and Fees](#), requires the Board to approve new and existing academic program differential tuition. The Board may authorize differential tuition schedules for programs on a case-by-case basis where increases are above or below the regular institutional tuition proposed increase. The policy further requires institutions to use increased revenues from the differential tuition rate to benefit the impacted program and to help support related campus services. Institutions requesting differential tuition schedules should consult with students in the program and consider the following:

- Student and market demand for the program
- Impact of differential tuition rates on student access and retention
- Tuition rates of comparable programs at other institutions
- Potential earnings capacity of program graduates
- Societal importance of the program

Due to the tuition freeze for 2023-24, only new graduate programs without an approved differential tuition schedule are included. Utah Tech University is requesting total differential tuition rates for the following programs.

Institution	Program	Differential Tuition	Additional or Total
Utah Tech University	Masters in Sports Management	\$400 per credit hour	Total
	Masters in Nursing: Education/Leadership	\$375 per credit hour	Total
	Occupational Therapy Doctorate	\$700 per credit hour	Total
