

UTAH SYSTEM OF
HIGHER EDUCATION

MEMORANDUM

December 16, 2022

Talent Ready Utah 53B-33-103

In 2018, Talent Ready Utah was legislatively created to be an industry-facing department within the Governor's Office of Economic Development. Talent Ready Utah convenes industry, education, state agencies, and other key stakeholders to create, expand, and align short-term and long-term workforce development solutions to the needs of industry. Talent Ready Utah manages and administers multiple targeted workforce development state appropriations through grants awarded to Local Education Agencies (LEA's) and Higher Education institutions based on regional workforce needs that are data-driven and backed by industry.

On July 1, 2022, Talent Ready Utah was officially moved to the Utah System of Higher Education (USHE) in the Office of the Commissioner and reports to the Commissioner of Higher Education. According to the statute, Talent Ready Utah shall coordinate with the states Talent Board to;

- (a) further education and industry alignment in the state;
- (b) coordinate the development of new education programs that align with industry demand;
- (c) coordinate or partner with other state agencies to administer grant programs;
- (d) promote the inclusion of industry partners in education;
- (e) provide outreach and information to employers regarding workforce programs and initiatives;
- (f) develop and analyze stackable credential programs;
- (g) determine efficiencies among workforce providers;
- (h) map available workforce programs focusing on programs that successfully create high-paying jobs; and
- (i) support initiatives of the Talent Board.

Commissioner's Recommendation

This item is information only; no action required.

Attachment

Board Charter

Purpose

To provide Talent Ready Utah (TRU) with strategic direction for workforce alignment with state educational partners, to provide oversight of TRU initiatives in working proactively with industry and state stakeholders to develop and implement short-term and long-term workforce programs, to direct and facilitate progress, performance, and effectiveness of programs involved with employment training and relative placements.

Responsibilities

Ensure that workforce programs and alignment efforts are consistent with State workforce projections, are data-driven to target industries, and align with high-demand occupations. Make recommendations to the Utah Board of Higher Education (UBHE) and the Unified Economic Opportunity Commission (UEOC) regarding policy and funding requests to;

- coordinate the development of new education programs that align with industry;
- collaborate with other state agencies to administer grant programs;
- promote equity, diversity, and inclusion within industry and education partners;
- provide outreach and information to employers regarding workforce programs;
- develop and analyze stackable credential programs and map workforce programs focused on successfully creating and supporting high-paying jobs.
