

UTAH SYSTEM OF  
HIGHER EDUCATION

# MEMORANDUM

April 13, 2023

## Research Pillar of the Board's Strategic Plan

The Board of Higher Education has asked the Academic Education Committee to develop suggestions for goals related to the research mission of degree-granting institutions and initiatives and tactics to help reach those goals for inclusion on the Board's Strategic Plan.

The Committee will examine examples of goals and strategies developed in other systems or at institutions and will develop the parameters of a research strategy to forward to the full board for consideration on its Strategic Plan in May 2023.

### **Commissioner's Recommendation**

The Commissioner recommends that the committee develop a vision for a system-wide research focus, initiatives and strategies to reach that vision, and associated metrics for measuring success.
