Summary of Key Observations/Recommendations

This item is to update the Fiscal Year (FY) 2024-2025 spending authority for changes that must be made to capture spending that will occur during the 2024-2025 fiscal year.

The schedule has been updated with changes since its approval by the Board of Trustees in June 2024. The revisions are as follows:

1. The Faculty Recruitment and Retention total of \$14,363,559 was received after the preliminary budget was submitted to the Board of Trustees.
2. UCF's Performance Based Funding total was reduced from what was originally budgeted by \$2,343,185. This reduction is due to funding levels dropping from the prior year.
3. The combined net impact of Faculty Recruitment and Retention along with the Performance Based Funding changes totaled \$12,020,374.
4. The Housing Auxiliary budget increased by \$6,169,637 from the submission made in February 2024. This increase in authority is to allow certain facilities-related projects to move forward, in addition to the closing of the Rosen College of Hospitality housing transaction. The university moved the Rosen College housing building into our UCF-owned housing stock.
5. UCF Global had to increase a lease for students. The total of \$533,280 is included in this amendment to allow for the lease to be consummated.
6. The UCF College of Medicine has a reduction of \$500,000 due to a line item vetoed by the Governor of Florida.

Additional Background

Each year the university must submit a spending authority to the Board of Governors. Updates to the original spending authority falls to the UCF Board of Trustees. This approval allows for the spending authority to be adjusted for the operations of the university for FY2024-2025.

Per Board of Governors' Regulation 9.007, each university board of trustees shall adopt an operating budget, including an Education and General (E&G) Carryforward Spending Plan, for the general operation of the university and prescribed by the regulations of the Board of Governors. The UCF Board of Trustees-ratified operating budget and E&G Carryforward Spending Plan must be presented to the Board of Governors for approval.

Implementation Plan

These changes are a part of the university's overall operations for FY2024-2025.

Resource Considerations

These funds are provided by the various colors of money utilized to operate the university for FY2024-2025. They consist of Education and General (E&G), Auxiliary Enterprises, Contracts and Grants (C&G), Local Funds, and the College of Medicine's Faculty Practice Plan.
