

Attachment B

Evaluation/Review Template Instructions Per Board Regulation 10.015, universities must submit a summary of the evaluation/review using a template provided by the Chancellor. A copy of the summary must be submitted to the Board of Governor's office within 30 days after the board of trustees' review. Upon completion of the evaluation/review, the university must provide a copy to the Board of Governors and certify that the evaluation/review contained all of the required components using this template. <i>Please complete the contact information on the right.</i> Please enter information across the row for each I&C evaluated/reviewed on tab "1-Evaluation Information"	
1. Institution	This column should be used to enter the name of specific institution completing the template.
2. Center Type [University; State of Florida; CoExcellence]	Identifies the center as a " Center of Excellence" , "State of Florida" or "University" I&C. This designation is determined by the host institution at the inception of the center
3. Center Code	Identifies the code assigned to the I&C as assigned by the BOG. If there is a discrepancy here please indicate this in the comments section of the spreadsheet.
4. Center Name	Identifies the I&C name
5. Determination of the institute or center's progress against defined goals and objectives within the context of the institute or center's mission, the participating university's mission, and the current Board of Governors' strategic plan.	Please provide the page number & text excerpt or a text summary from your uploaded evaluation that corresponds to each of the requirements.
6. Assessment of the return on investment of state dollars, if applicable	
7. The need for continuation of the institute or center.	
8. Possible changes in mission or organizational structure.	
9. Budget reduction or expansion.	
10. Recommendations for change of classification (state of Florida institute or center, or university institute or center), if applicable.	
11. Explanation of recommendations for status change (active, inactive, terminated), if applicable.	
12. Recommendations for status change (active, inactive, terminated), if applicable.	
13. Explanation of recommendations for status change (active, inactive, terminated), if applicable.	
14. Missing Evaluation Component Explanation [Optional]

University of Central Florida	University	70.0370	ICF Restores	2	Although located in Central Florida, the Center's focus is statewide. ICF RESTORES meets the goals and objectives of the State Board of Governors' mission. By 2025, the State University System of Florida will be internationally recognized as a premier public university system, noted for the distinctive and collective strengths of its member institutions. As noted throughout this document, ICF RESTORES is considered a critical resource for the treatment and training of veterans and first responders in the State of Florida as well as nationally. All research and clinical efforts include the training/education of ICF undergraduate and graduate students, who then enter society furthering the mission of the State of Florida BGC.	3	N/A	3	The Center is highly productive whether measured by successful external research funding, number and quality of doctoral students produced and opportunities for undergraduate research training, or services provided at no cost to the citizens of Florida, including veterans, active-duty military personnel and first responders.	3	No changes appear necessary at this time.	3	No changes needed.	3	No change recommended.	3	No change recommended.	3	No change recommended.	3	No change recommended.	
University of Central Florida	University	70.0380	Center for the Study of Human Trafficking and Modern Slavery	2	Current education program, publication of a book chapter, active participation in regional meetings, and efforts to gain funding of further the center's mission and the ICF and BGC strategic plans with respect to student success, community impact and scholarship.	2	N/A	2	The education program alone has a significant potential to reduce ITMS worldwide, as BGC students come from every corner of the globe. Research potential is high, with publications already made without expenditure of funds.	2	The main goals at this point are to gain funding and grow. This will entail expanding the organizational resources. The mission is solid for the foreseeable future.	2	Center requires funds. The center should seek funds as described above.	2	No change.	2	No change.	2	No change.	2	No change.	
University of Central Florida	University	70.0390	National Center for Integrated Coastal Research	2	As outlined in the chronology given in the self-study, the center's funding and support are provided openly, indicating a strong return on investment and quick progress toward national and international recognition. Each university and BGC strategic plan are supported by the large number of products (i.e., Ph.D. Masters, and Master's theses) produced, the high quality and quantity of research, and the publications, consulting, and information provided to the public and research bodies.	2	The National BGC in 2016, based on dividing the ICF expenditures by the ICF expenditures. This data will cross the center of the information directly served to the community or the value of emergency management advice, which reduces losses that now average billions annually in the Southeast corner of the US alone.	2	The center has been very successful at accomplishing its goals, which align with ICF, US, and State needs. It brings in much more than it costs, so the center should continue.	2	None needed, other than finding a replacement center.	2	As the center advances toward the status of a department and a PhD program, additional faculty may be needed to provide expertise in additional areas impacting Coastal Research and to teach a full slate of courses in the program.	2	Funding to State of Florida center this year or next, as this center provides a range of services to the state and region and already works with numerous entities across the state.	2	Funding to State of Florida center this year or next, as this center provides a range of services to the state and region and already works with numerous entities across the state.	2	No change needed.	2	No change needed.	
University of Central Florida	State	70.8070	Florida-Canada Linkage Institute	2	All scholarships were awarded to the most-competitive applicants.	2	Students received scholarships as specified by statute.	2	As long as the funding statute remains in force, the institute is needed to award the scholarships it requires.	2	None.	2	Allocation to fund administration of the program would allow more of a student-focused program, in addition to the scholarship themselves.	2	No change.	2	No change.	2	No change.	2	No change.	
University of Central Florida	State	70.8080	Florida-Eastern Europe Linkage Institute	2	All scholarships were awarded to the most-competitive applicants.	2	Students received scholarships as specified by statute.	2	As long as the funding statute remains in force, the institute is needed to award the scholarships it requires.	2	None.	2	Allocation to fund administration of the program would allow more of a student-focused program, in addition to the scholarship themselves.	2	No change.	2	No change.	2	No change.	2	No change.
