Summary of Key Observations/Recommendations

In accordance with Board of Governors (BOG) Regulation 8.011, the information item is presented to keep the Board apprised of the academic enterprise and the potential academic program proposals coming before the Board in the 2024-2025 academic year.

- This is an updated template as another program will likely be presented to the Board of Trustees this coming academic year.
- The MS/PhD in Planetary Science is being added to our list as the department has made significant progress on its application.
- UCF will update Board of Governors as well.

Additional Background

In the Board of Governors' recent amendments to BOG Regulation 2.002 - University Accountability Plans, the Board has removed the requirement to include program pre-proposals in the accountability plan. To provide similar information to the Board of Trustees, BOG Regulations 8.011 was updated to require this new annual process.
