Updated List of Anticipated New Academic Programs for the 2024-25 Academic Year

Background:

At the March 2024 meeting, the Board of Governors amended 8.011, Authorization of New Academic Degree Programs and Other Curricular Offerings, changing reporting requirements for new degree programs. The amended regulation requires universities to provide the Board office with a list of the new academic degree programs that will be considered by the university boards of trustees for the upcoming academic year. The university may make changes to the list during the academic year but must inform the board of trustees and the Board office of any changes. The Board office will share the combined list for the System with CAVP and CAVP ACG to discuss program duplication and System coordination.

Instructions:

Please use the table below to report all new academic degree program proposals the university plans to submit to the Board office in the 2024-2025 Academic Year. This list would include degree programs that were submitted previously to the Board office. Your institution's board of trustees must have reviewed this list prior to submission to the Board office. Please submit the updated list via the Information Request System.
