RE: USP Seeks Comments on Stimuli Articles Addressing Compounding

---

United States Pharmacopeia (USP) is seeking feedback on two pharmaceutical compounding stimuli articles published in *Pharmacopeial Forum* – 50(6). These articles offer preliminary insights into potential informational chapters that the USP Compounding Expert Committee may consider developing in the future. They can be found at the links below:

- [“Formulation Development Reference Document for Pharmaceutical Compounding”](#)
- [“Stability Reference Document for Pharmaceutical Compounding”](#)

A free USP Access Point account is required to view each article. Comments will be accepted until January 31, 2025.
