## Board Report Rochester Elementary EC1- February

### Principal's Report:

Read Across America week brought excitement to EC-1! Pre-K hosted a variety of activities all related to Dr. Suess. Some of our Kindergarten teachers introduced "reading pals" to help encourage their students to read.

We also kicked off our Spring reading challenge. Students were provided with a reading log to help track their minutes. Each grade level has a goal to meet. If the students meet their goal, Mrs. V will be kissing a Pig! Currently our students have read over 3,000 minutes collectively!

### Upcoming Events @ Rochester Elementary School
