Technical Management Report
By
John Amery
10/24/2023

Items of Interest:

- Port Beta Project
 - Construction bids are due Wednesday 10/25
- QLIFE has connected a new customer in the Port District (utilizing new QLIFE fiber placed in 2019).
- Jefferson re-route project (rerouting around dense vegetation by Jefferson Street).
 - Northsky has constructed the new fiber path.
 - A 4 day maintenance window has been issued to customers for the mornings of November 14,15,16,17.
 - Upon splicing to the new path, the old path will be deconstructed by Northsky.
- While Northsky was in town working on the Jefferson Street re-route project we were able to have them complete a number of open NJUNs tickets.
