

Email from Ms. Bobbie Boehler

Dr. Hubbard -

I wanted to take a minute to introduce myself to you and share my resume outlining my career experience as it pertains to the open position you have available. (Please see attached).

Derrek Huff and I are friends and he shared that Caddo Mills is currently seeking someone for the Economic Development Specialist position and was kind enough to forward the job description to me for review and consideration.

My resume highlights a 20 year career in the casual dining space: Brand Growth & Development; Global Franchise Development; Table Top Merchandising; Budget Development/Analysis & Planning & Development across the US and Globally.

I also come equipped with 15+ years of Residential Real Estate Experience. I am Global Luxury Certified and represent clients across all print points. I consider myself a top tier negotiator, problem solver and am comfortable representing business owners, CEOs & small business developers. I understand business planning and am the happiest when I am serving my clients or others.

A little bit about me personally - I am a resident of Caddo Mills - married for 37 years and we have a daughter. My daughter and her family are also residents of Caddo Mills. I have two grandsons and they are currently attending CMISD. I have a vested interest as it pertains to the economic growth in Caddo Mills and look forward to the opportunity to discuss this position in further detail, should you decide.

Again, thank you for your time and consideration.

Bobbie Boehler
