Mec 502.03 Reinstatement Fees. Reinstatement fees for the licensure of mechanical business entities ***shall be as specified in Plc 1002.25***. ~~that have been expired for 12 months or longer shall be \$550.00 including those reinstating as a result of suspension or revocation.~~

Readopt with amendment Mec 503, effective 7-1-15 (Document #10849), to read as follows:

PART Mec 503 FEES FOR MECHANICAL INSPECTIONS

Mec 503.01 General Requirements for Mechanical Inspections. ***The fee for inspections of fuel gas fitting and plumbing installations shall be as specified in Plc 1001.17(g) and (h).***

—— (a) ~~The board shall assess a fee calculated for fuel gas fitting and plumbing inspections made by a state mechanical inspector:~~

~~(1) When the inspection is on the specific written request of:~~

- ~~a. The owner of the property where the fuel gas fitting and/or plumbing work to be inspected is located;~~
- ~~b. The local code enforcement authority with jurisdiction over the fuel gas fitting or plumbing work to be inspected, when the state mechanical inspector performs the inspections at the request of the local code enforcement authority;~~
- ~~c. The fuel gas fitter, plumber or mechanical business entity performing the licensed work to be inspected; or~~
- ~~d. The builder or general contractor who by contract is responsible for the work of the fuel gas fitter or plumber or mechanical business performing the gas fitting or plumbing work to be inspected; or~~

~~(2) When the state mechanical inspector does so in accordance with the code enforcement authority given to the board by RSA 155-A.~~

~~— (b) The board shall not charge a fee when the state mechanical inspector merely assists, or provides consultation to, the local code enforcement authority performing a mechanical inspection.~~

~~— (c) Inspection fees shall be paid in full before the inspection.~~

Mec 503.02 ***RESERVED*** Calculation of Inspection Fees and Re-Inspection Fees.

~~— (a) The inspection fee shall be calculated on the basis of the total contracted cost of repairing or installing the fuel gas fitting or plumbing to be inspected, including the cost of the equipment installed or being installed, whether or not such equipment is provided by the fuel gas fitter or plumber doing the work.~~

~~— (b) The fee shall be calculated by using the steps in (c) below, provided that it shall not be less than \$75.00.~~

~~— (c) The calculations of the inspections shall be:~~

~~(1) The first \$0.01 to \$100,000.00 of the total contracted cost shall be multiplied by 1.2%;~~

~~(2) The next \$100,000.01 to \$300,000.00 of the total contracted cost shall be multiplied by 0.5%, with the resultant number added to the sum calculated in accordance with (c)(1); and~~

~~(3) The next \$300,000.01 and higher of the total contracted cost shall be multiplied by 0.3%, with the resultant number added to the sums calculated in accordance with (c)(1) and (c)(2).~~

~~— (d) The fee for a re-inspection shall be 10% of the fee calculated in accordance with (c) above, provided that the fee shall not be less than \$100.00 nor more than \$500.00.~~
