Today, the Office of Equity and Inclusion and the Center for Data Access & Analytics will present an update to the Campus Climate Assessment Framework.

BACKGROUND INFORMATION

Last spring, the Office of Equity and Inclusion (OEI) in joint effort with the Workforce and Organizational Effectiveness committee presented the systemwide Campus Climate Assessment Framework to the Board of Trustees. As a follow up, OEI in partnership with the Center for Data Access & Analytics will provide a brief update on the progress of the climate assessments across the entire system. In addition, the presentation will include an outline of the next steps to determine guidance on the dissemination and uptake of campus climate assessment results.
