Monitoring/Compliance

Information

PRESENTERS

Scott Olson, Chancellor

Bill Maki, Vice Chancellor for Finance and Facilities

Bernie Omann, Government Relations

PURPOSE

The results of the 2023 legislative session produced historic investments for Minnesota State, and we are grateful for the outcome. This session will serve as a kickoff for the continued work to share with lawmakers how funds are being invested at each college and university and the great work happening on campuses. We will also discuss and kickoff continued efforts related to bonding, supplemental budget request, and workforce development.
