PRESENTERS

Brian Swanson, Associate Vice Chancellor for Facilities

Karen Huiett, System Director, Capital Planning and Analysis

PURPOSE

Board Policy 1A.1 Minnesota State Colleges and Universities Organization and Administration, Part 6. Board Policies and System Procedures requires board review and approval of proposed board policy changes and that each board policy is reviewed at least once every five years.

BACKGROUND INFORMATION

The proposed policy amendments include adding facility divestment as part of an intentional strategic direction, integrating utility master plans into comprehensive facilities plans, and addressing the need to establish procedures to more effectively manage physical space. Additionally, the proposed amendment sets a clear expectation for public input during the planning process.

The proposed changes address known gaps in our current planning process and space management practices and create a deliberate, incremental path toward reducing our overall physical footprint.

The proposed policy amendment was posted for review and comment on December 20, 2024, and will close on February 5, 2025.
