2021–22 School Accountability Report Card
Reported Using Data from the 2021–22 School Year
California Department of Education

Address: 1 Ralph Bettcher Dr.
Hopland, CA , 95449-9669

Principal: Kristi McCullough

Phone: (707) 744-1485

Grade Span:

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2022–23)

Mission: Restoring education to the Hopland community is essential to a thriving future for Hopland students, families, and our greater community. Shanél (Sanel) Valley Academy (SVA) is a culturally responsive, community school where all students are valued and supported. SVA students will be prepared to lead and successfully participate in our rapidly changing multicultural society, they will contribute to the community with creative solutions and a resilient, culturally competent and collaborative mindset.

Goals: In our second year of operation, our goal is to meet target attendance, maintain full staff of highly qualified teachers and aides, and establish systems for sustainability including administrator and educator coaching evaluation and assessment, restorative discipline practices, and multi-tiered systems of support for students social emotional and academic needs.

School Facility Conditions and Planned Improvements

Shanél Valley Academy rated as good with a 98.6% result from questions asked on the Facility Inspection Tool. In order to remedy the four items mentioned which need to be addressed, we replaced the glass in classroom 6 and the valve which serves the teacher workroom. The workroom sink is now working properly.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA by Student Group for students taking and completing a state-administered assessment
Grades Three through Eight and Grade Eleven
(School Year 2021–22)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Not Tested	Percent Met or Exceeded
All Students	48	46	95.83	4.17	17.39
Female	31	29	93.55	6.45	17.24

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2022–23)

Parent/Guardian involvement is a key component of our ability to implement our school plans. Volunteer opportunities, community events, and parent/guardian leadership and governance openings are communicated to families via our e-blast newsletter (periodically), monthly public board meetings, annual LCAP hearings, weekly (at least) communications via Parent Square and throughout our SVA social channels.

We have an active Parent Advisory Council (PAC), which reflects our demographic make-up and represents 10% of our enrollment. Included in the PAC is the English Learner Advisory Committee (ELAC), which advocates for the needs of our English Learners to ensure equitable practices. Both groups meet monthly on site, with the option to zoom so parents and guardians have access to school information and opportunities.

Our governing Board of Directors has two seats (President and Treasurer) occupied by parents/guardians and classified substitute positions are filled by parents/guardians as needed. Included in these opportunities, SVA seeks parent/guardian input on budget and long term planning decisions, as well as school climate, leadership, and community needs via surveys and focus groups. These are announced via e-blast, social media and on Parent Square.

Board agendas and minutes are posted to our website in compliance with Brown Act, and leadership of the school. With a high population of Indigenous Peoples (**almost 15%**) and English Language Learners (**17.69%**), we make additional efforts to engage these parent/guardian groups, including communicating regularly with the Hopland Band of Pomo Indians Education Director, and hosting meetings at the reservation to provide access to school information and opportunities.

SVA has a family liaison who disseminates information in both English and Spanish, and supports communication between the students, staff and families. In addition, SVA has a Community School Director to align existing resources within the school and develop community partners to meet the needs of our families. SVA consistently supports family engagement through annual events and traditions such as the annual Fall Festival and Parade, Book Fairs, Winter Sing and Lantern Walk, Science Fair, Open House and the End of Year Celebration.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions for School Year 2019–20 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019–20	District 2019–20	State 2019–20
Suspensions	0.00%	5.13%	2.45%
Expulsions	0.00%	0.16%	0.05%

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

School Safety Plan (School Year 2022–23)

School safety is a top priority at Shanél Valley Academy. SVA reviews the plan each year and training is given for all staff in procedures for fire drills, lockdowns, evacuations, allergic reactions and medical emergencies. The Attendance Secretary and Principal keep the class rosters up to date. Each teacher and other staff members such as the office, family liaison, after school employees and kitchen staff have a red binder in their respective classrooms, office and work areas. The plan consists of emergency contacts, evacuation plan, fire plan, earthquake and lockdown procedures. The red binders contain the procedures for pick up and dismissals, updated rosters and medical conditions for each child. Safety drills are conducted every month. The Comprehensive School Safety Plan was last approved by SVA's Board of Directors on February 28, 2022.

Types of Services Funded (Fiscal Year 2021–22)

To respond to the challenges and opportunities of the future, today’s students must be prepared to be culturally competent, collaborative, creative, resilient, and self-aware. Funding is used for implementing curriculum and systems to support this goal through collaborative efforts among caring and committed adults seeking to provide a strong start in life for SVA students. We have developed a tiered system of interventions providing paraprofessionals to support instruction for students who are struggling. We have designed a comprehensive program of English Language Development to ensure that our English Learners become proficient and are able to reclassify at high rates with the support of their classroom teacher and the paraprofessionals. All teachers will receive ongoing instructional coaching from the principal to set goals and identify strategies to improve student outcomes.

The principal, along with the entire staff, continuously focus on building a culturally responsive restorative discipline program, positive behavior supports and interventions and the social emotional learning program for the school. Each classroom provides a dedicated physical space to provide a safe space for students to take a break, and our partnership with Mendocino Youth Project provides social emotional learning supports for our students.

Funding is also used for our local priority to increase and track family engagement, incorporating community input on decision-making and planning and partner with parents and the community to provide robust learning opportunities for all students.

Professional Development

SVA encourages professional development for all staff to continuously improve. Annually, all staff members participate in a concentrated, back to school professional training where speakers, break out sessions, and content that is key to SVA’s mission is provided. Content includes trainings with partners such as Welcoming Schools, a program to build an inclusive school, Clifton strengths assessments and training, trauma responsive practices, social emotional learning strategies, instructional planning and technology, PBIS coaching, and best practices for PBL and STEAM instruction. Included in these trainings are parents/guardians, enrichment providers, teacher leaders and the BOD to participate or facilitate topics in their area of expertise. Once a week students are dismissed early to allow for staff to participate in collaborative professional learning communities and trainings, and teachers receive a total of 80 hours of professional development and coaching in each school year. In addition to scheduled staff development days, teachers will receive additional professional learning time via travel to conferences of their choosing (in alignment with curriculum goals and approved by school leadership). Additional learning goals for our educators will be assessed, as needed, in a collaborative and transparent process aligned with our educator support, assessment and evaluation process.
