

# **COVID-19 COMMUNITY STRATEGIC REENTRY PLAN**

SAINT PAUL ISLAND, ALASKA

The following plan is based on a four-phased approach with guidance from federal and state health and other experts. This plan and the phases will provide guidance to the Saint Paul Island Unified Command Team when lifting State or local government issued mandates and restrictions that were implemented to protect the health of the community so that Saint Paul Island residents can begin to get back to normal daily living all while continuing to protect our community members.

# ACTIONS TAKEN TO DATE

- Declaration of emergency by City and Tribal Governments
- Incident command structures in place for governments, businesses, entities, health provider
- Formation of Saint Paul Island Unified Command
- Development and implementation of COVID-19 policies for various entities
- City Council non-essential travel ban
- City Council Emergency Ordinance closing Saint Paul Harbor
- Development of Saint Paul Island COVID-19 Quarantine Plan
- Development of local Guide to Social Distancing and Hunkering Down
- Development of Notice to Mariners
- Purchase of PPE for first responders, health care staff, janitorial staff, etc.
- Lab and rapid tests for COVID-19 available at Saint Paul Health Center
- Numerous local media campaigns through social media, KUHB radio, flyers, NIXLE

## COVID-19 CASE STATUS

- 0 Cases
- 0 Hospitalizations
- 0 Deaths
- 28 Tests Performed

## OTHER UNIQUE FACTORS

- Limited passenger air service
- Limited vessel traffic and requirement that crews stay onboard when in harbor
- Protective measures in place for when personnel are receiving cargo
- All persons traveling inbound on charter flights self-quarantined for 14 days

# PHASED APPROACH

- Based on up-to-date data and readiness
- Mitigates risk of transmission and resurgence
- Protects the most vulnerable

# LEVELS OF RISK

## **HIGH – STOP!**

We are seeing a consistent or rapid increase in cases or if we think we are running out of capacity to care for people with COVID-19 (regardless of the trend in cases), we will need to reimplement protective measures and restrictions

## **MEDIUM – PROCEED WITH EXTREME CAUTION**

If the situation is becoming unstable or we are seeing cases or increase in cases, we will implement protective measures and restrictions

## **MODERATE – PROCEED WITH CAUTION**

If the situation is stable or we are seeing our first case or slow increase in cases, we will implement protective measures and restrictions

## **LOW – GO**

We are seeing no cases or downward trends in cases and all is going well, we will methodically move to lift protective measures and restrictions

**GREEN** = Level/Phase 4   **ORANGE** = Level/Phase 3   **YELLOW** = Level/Phase 2   **RED** = Level/Phase 1

# GUIDELINES FOR INDIVIDUALS AT ALL PHASES

Continue to adhere to CDC, State and local guidance, particularly with respect to face coverings

## Continue to Practice Good Hygiene

- ✓ Wash your hands with soap and water
- ✓ Avoid touching your face
- ✓ Sneeze or cough into a tissue, or the inside of your elbow
- ✓ Disinfect frequently used items and surfaces as much as possible
- ✓ Wear face coverings while in public

## People Who Feel Sick Should Stay Home

- ✓ Do not go to work or store
- ✓ Contact and follow advice of medical provider

# GUIDELINES FOR EMPLOYERS AT ALL PHASES

Develop and implement appropriate policies, in accordance with Federal, State and local regulations and guidance, and informed by industry best practices, regarding:

- ✓ Social distancing
- ✓ Personal protective equipment (PPE)
- ✓ Sanitation
- ✓ Use of face coverings
- ✓ Limiting non-essential business travel

## PROTECTIVE MEASURES

- 1) Handwashing
- 2) Avoid Touching Face
- 3) Use of Cloth Face Coverings in Public Recommended
- 4) Physical Distancing
- 5) Disinfecting/Clean Protocols
- 6) Use of PPE by Workers
- 7) Working from Home
- 8) Staying Home when Sick
- 9) Employer Emergency Policies
- 10) Self-Quarantine
- 11) Self-Isolation
- 12) Screening Visitors and Travelers
- 13) Essential Business Community Protection Plans

## RESTRICTIONS

- 1) Hunkering Down/Staying At Home
- 2) Limited or No Access by Public in Public and Other Facilities
- 3) Travel Bans
- 4) Harbor Closure
- 5) Limited or No Group Gatherings
- 6) Business Closures
- 7) Reduced Hours for Services
- 8) Use of Cloth Face Coverings in Public Required

# PHYSICAL DISTANCING GUIDELINES

- Physical distancing is a set of actions taken to stop or slow the spread of a highly contagious disease, in this case COVID-19
- The goal of physical distancing is to limit face-to-face contact to decrease the spread of illness among people in community settings
- Current recommendation is to keep at least six (6) feet away from other people when going out in public
- During Level/Phase 2 of reentry, 20 people are allowed to be in a group as long as they are physical distancing
- During Level/Phase 3 of reentry, 50 people are allowed to be in a group as long as they are physical distancing
- Some businesses, public and private organizations and government institutions facilities may not allow for the maximum number of people allowed in a space during Levels/Phases 2 and 3, therefore they should measure the space and calculate the maximum number for people allowed in the space and post a notice for customers or visiting public

# COMMUNITY RISK INDICATORS *(DISEASE SITUATION)*

Category	Key Question	Indicator	Triggers to Raise Level	Triggers to Lower Level	Level 1 High	Level 2 Medium	Level 3 Moderate	Level 4 Low
Disease Situation	What is the level of disease burden and how is it changing?	New Community Transmission Cases	1 positive case	No cases	3 or more cases	> 1 cases	1 case	No cases
		Critical Infrastructure/Essential Worker Cases	Exposure to community due to CWPP not followed and health providers who provide testing for positive cases	CWPP being followed and no positive cases	3 or more cases/CWPP not followed/cases are not isolated from community/community spread likely	> 1 cases/CWPP not followed/cases are not isolated from community	1 case/CWPP not followed/case is isolated from community	No cases/CWPP followed
		Fishing Industry Cases	Community exposed to positive individual	Case contained within processing plant on on fishing vessel	3 or more cases/cases not isolated from community/community spread likely	> 1 cases/cases are not isolated from community	1 case/case is isolated from community	No cases
		Travel Cases	Self-quarantine after traveled not followed and positive case	Self-quarantine after traveled followed	3 or more cases/self-quarantine not followed/cases are not isolated from community/community spread likely	> 1 cases/self-quarantine not followed/cases are not isolated from community	1 case/self-quarantine not followed/case is isolated from community	No cases/self-quarantine followed

# COMMUNITY RISK INDICATORS *(SPHC CAPABILITY)*

Category	Key Question	Indicator	Triggers to Raise Level	Triggers to Lower Level	Level 1 High	Level 2 Medium	Level 3 Moderate	Level 4 Low
Saint Paul Health Center Capability	Capacity of Healthcare providers	Number of providers available (4 providers could care for 2 patients for 48 hours max, assuming no other emergent care is needed)	< 4 providers	4 providers	4 providers/3 or more cases	< 3 providers/> 1 cases	< 4 providers/1 case	4 providers/no cases
	Are we protecting healthcare workers?	Number of healthcare worker infections (acquired in the workplace)	1 infected	None infected	> 2 providers infected	> 1 provider infected	1 provider infected	No providers infected

# COMMUNITY RISK INDICATORS *(MEDIVAC CAPABILITY AND PUBLIC HEALTH SYSTEM CAPACITY)*

Category	Key Question	Indicator	Triggers to Raise Level	Triggers to Lower Level	Level 1 High	Level 2 Medium	Level 3 Moderate	Level 4 Low
<b>Medivac Capability</b>	<b>Medivac capability and response time</b>	Are medivacs available and can respond	Limited availability or slow response time	Readily available and responsible response times	Medivac delayed/response > 48 hours	Medivac delayed/response > 24 hours	Medivac available/response > 12 hours	Medivac available/response < 12 hours
<b>Public Health System Capacity</b>	<b>Bed capacity in Anchorage</b>	Anchorage hospital bed capacity	Beds are limited	Beds are adequate	> 90% capacity	80% - 90% capacity		< 80% capacity

# COMMUNITY RISK INDICATORS *(DISEASE CONTROL)*

Category	Key Question	Indicator	Triggers to Raise Level	Triggers to Lower Level	Level 1 High	Level 2 Medium	Level 3 Moderate	Level 4 Low
Disease Control	Receipt of Test Results	Number of days to obtain test results	Response time is slow	Response time is adequate	> 96 hours	> 84 hours	> 72 hours	24-72 hours
	Availability of testing supplies	Are supplies adequate to perform tests	Limited supplies	Supplies are adequate	Supplies running low	Supplies limited	Supplies adequate	Supplies available

# COMMUNITY RISK INDICATORS (SOCIAL)

Category	Key Question	Indicator	Triggers to Raise Level	Triggers to Lower Level	Level 1 High	Level 2 Medium	Level 3 Moderate	Level 4 Low
Social	Is the public following protective measures and restrictions (PM/RT)?	Percentage of adults who follow PM/RT (masks in public, physical distancing, etc.)	Decrease in support for key PM/RT measures	Increased or stabilized support for key PM/RT measures	Very Low (e.g. >30%)	Low (e.g. 30-49%)	High (e.g. 50-69%)	Very High (e.g. >70%)
	Increase in violence or crime that is related to protective measures and restrictions?	Proportion of security incidents that can be directly linked to COVID-19 response	Stable or manageable social situation	Worsening social situation	Regular violent protests and security incidents	Increase in size or frequency of violent protests and security incidents	Increase in size or frequency of nonviolent protests	Stable or similar to pre COVID rates
	Increase in child protection, domestic violence, sexual assault cases that is related to public protective measures and restrictions?	Proportion of security incidents that can be directly linked to COVID-19 response	Stable or manageable social situation	Worsening social situation	Regular violent protests and security incidents	Increase in size or frequency of violent protests and security incidents	Increase in size or frequency of nonviolent protests	Stable or similar to pre COVID rates

# COMMUNITY RISK INDICATORS *(ECONOMIC)*

Category	Key Question	Indicator	Triggers to Raise Level	Triggers to Lower Level	Level 1 High	Level 2 Medium	Level 3 Moderate	Level 4 Low
<b>Economic</b>	Are public health and social measures impacting household economic security?	Percentage of households with weekly income below pre-COVID-19 average OR proxied by number of new applications for social assistance or insurance benefits (i.e. elder boxes, LIHEAP, elders' lunch, SNAP, WIC, etc.)	Increasing % of households facing income shock	Decrease % of households facing income shock	>30% of HHs reporting COVID-related income loss or unemployment	15-30% of HHs reporting COVID-related income loss or unemployment	5-15% of HHs reporting COVID-related income loss or unemployment	<5% of HHs reporting COVID-related income loss or unemployment

# HOW TO DETERMINE AND USE THE RISK LEVELS

- The Saint Paul Island Unified Command will determine risk levels by using the community risk indicators.
- If a large enough change in one category is observed this may trigger to move to a different level.
- A combination to changes in more than one category may trigger to move to a different level.

# OVERVIEW OF LEVELS/PHASES

Population/Business Service/Activity	Level/Phase 1	Level/Phase 2	Level/Phase 3	Level/Phase 4
	Status and Protective Measures (PM) and Restrictions (RT) in Place			
Essential Businesses/Services	Open All PM/RT	Open All PM/Majority RT	Screen Visitors All PM/Some RT	Open Basic PM/No RT
Non-Essential Businesses/Services	Closed All PM/RT	Open All PM/Majority RT	Open All PM/Some RT	Open Basic PM/No RT
Individuals/High Risk Individuals	Stay Home All PM/RT	Visiting Allowed/High Risk Stay Home All PM/Majority RT	Visiting Allowed All PM/Some RT	Basic PM/No RT
Indoor/Outdoor Groups, Gatherings, Activities, and Sports	Some Allowed All PM/RT	Some Allowed Limited to 20 All PM/Majority RT	Some Allowed Limited to 50 All PM/Some RT	Allowed Basic PM/No RT
Fishing and Processing	Open All PM/RT	Open All PM/Majority RT	Open All PM/Some RT	Open Basic PM/No RT
Tourism	None All PM/RT	Limited by Travel Restrictions All PM/Majority RT	Limited by Travel Restrictions All PM/Some RT	Open Basic PM/No RT
Travel	Travel Ban – Essential Travel Only Harbor Closed All PM/RT	Travel Ban – Essential Travel Only Harbor Closed All PM/Majority RT	Travel Ban – Resident Travel Only Harbor Open All PM/Some RT	Allowed Basic PM/No RT

# LEVEL/PHASE 1 OVERVIEW
