*All pricing included for 40 Cu Yd, fully assembled burn box .					FOB Saint Paul

Technical support provided will include landfill uses, on site training, operations and safety.  
 Unit is fully factory assembled in two halves for shipping.  
 Fully welded boxes include a 6 month warranty on materials and workmanship.  
 The # 10 Sectional Burn Box is shipped as 2 units and site assembled. (due to size and weight)  
 Some field assembly is required supplied by Summit Consulting.  
 Summit will supply a superintendent, hand tools and consumables for construction  
 Estimated assembly time is two days.  
 Purchaser will deliver burn box from dock to landfill, supply welding machine, and housing.  
 The purchaser will supply all heavy equipment, fuel and operator for assembly.  
 Price includes on site operations training with DEC burning guidelines and operations manual.  
 Allow at least 45 days for factory fabrication.  
 Price is locked once Purchase Order is received and Purchase Agreement is approved.  
 This quote is good for 60 days due to market conditions.  
 All logistic costs are from the Summit factory to the St. Paul barge landing.  
 Approval of a Burn Box Sales Agreement is required.

Thank you for the opportunity to provide this information. Please call me at 563-5675 with any questions.
