Jill Fratis and I continue to produce the KHUB show “Chat with the Chief” in attempt to engage with the community on how we can improve our community.

I will be attending ATV Safety Instructor training April 4-7, 2022, in Troy, Ohio. This training is fully paid for through grant funding and will allow us to start our ATV Safety Program.

Police Services Division

I am proud to announce the Promotion of Officer Clint Carter to Police Sergeant. Sgt. Carter’s prior military experience as well as his corrections and law enforcement experience, has proven him to be a better fit to our agency as Police Sergeant. Please feel free to congratulate him on his well-deserved promotion.

After further review of our current RMS system, we have determined that it does not have the capabilities to capture all the required reporting statistical data. We are humbly requesting to make the switch over to the eForce System.

Officer Tony Recco has completed his Data Master Instructor Course through the state. Once back to the island, Ofc. Recco will provide the rest of our department with the training.

Sgt. Carter has been scheduled to attend Field Training Officer certification course, as well as a domestic violence related Strangulation Investigation class in the up coming months.

I have been accepted into a Virtual Train-The-Trainer Series on Trauma Informed Sexual Assault Investigations being sponsored by The International Association of Chiefs of Police. I will then be able to provide the training to the rest of our agency.

We are currently reviewing a grant to obtain HazMat Training for our agency. The department is still seeking volunteer firefighters.
