A RESOLUTION ADOPTING AN ALTERNATIVE ALLOCATION METHOD FOR THE FY 21 SHARED FISHERIES BUSINESS TAX PROGRAM AND CERTIFYING THAT THIS ALLOCATION METHOD FAIRLY REPRESENTS THE DISTRIBUTION OF SIGNIFICANT EFFECTS OF FISHERIES BUSINESS ACTIVITY IN THE PRIBILOF ISLANDS FISHERIES MANAGEMENT AREA.

WHEREAS, AS 29.60.450 requires that for a municipality to participate in the FY 21 Shared Fisheries Business Tax Program, the municipality must demonstrate to the Department of Commerce, Community and Economic Development that the municipality suffered significant effects during calendar year 2019 from fisheries business activities; and,

WHEREAS, 3 AAC 134.060 provides for the allocation of available program funding to eligible municipalities located in fisheries management areas specified by the Department of Commerce, Community and Economic Development; and,

WHEREAS, 3 AAC 134.070 provides for the use, at the discretion of the DCCED, of alternative allocation methods which may be used within fisheries management areas if all eligible municipalities within the area agree to use the method, and the method incorporates some measure of the relative significant effect of fisheries business activity on the respective municipalities; and,

WHEREAS, the City of Saint Paul proposes to use an alternative allocation method for allocation of FY 21 funding available within the Pribilof Islands Fisheries Management Area in agreement with all other municipalities in this area participating in the FY 21 Shared Fisheries Business Tax Program;
