OBJECTIVES

1. To grow the Experience Sector Next Generation Sector Partnership in Park, Big Horn, Washakie, and Hot Springs Counties by 50% within one year.
2. Catalogue businesses on the Wyoming Office of Tourism Partner Portal. Increase listings in the Big Horn Basin by 25%.
3. Increase partnerships with other state organizations including workforce, post-secondary education and training, K-12 education, community-based organizations and economic development organizations
4. Inform businesses within the Next Gen Sector Partnership of WIOA approved programs in hospitality, outdoor rec, agritourism, communications, and business programs offered by Wyoming post-secondary education & training institutions.
5. Destination development for all four counties in the Big Horn Basin: Park, Big Horn, Washakie, and Hot Springs

OUR PURPOSE

The Experience Next Gen Sector Partnership in the Big Horn Basin (BHB) will fill gaps in local business capacity to access state and federal programs. The sector collectively believes that we are missing key components of the hospitality industry within the BHB to effectively move tourists around the four-county region. We are committed to building business capacity by building workforce skills to meet the needs of the travel and tourism industry within the Next Gen Sector Partnership framework.

The travel and tourism industry in the BHB self-reported before COVID their primary challenge was finding a workforce that had the soft skills needed. During COVID the tourism industry just needed workers at any skill level. Now, after COVID they are seeking training to build hard and soft skills.

The Experience Next Gen Sector Partnership lets rural businesses know they are not alone. Moreover, this partnership gives the hospitality industry in the Big Horn Basin a collective voice. The intended result of the Next Gen Program is to show rural businesses that growth is possible with incremental steps in the travel and tourism industry as illustrated in the action plan.

Action Plan

The Experience Sector is leveraging the Trip Planner and Partner Portal tools from the Wyoming Office of Tourism to catalogue travel and tourism businesses. The partner portal requires original photos and written content provided by the businesses to be listed on these tools. This Next Gen Support Grant will provide the technical assistance needed to list travel and tourism businesses located in the Big Horn Basin on these tools. Attached are the Wyoming Office of Tourism Guidelines for the Partner Portal.

The Next Gen Sector Partnership will work with Economic Development orgs and Chambers of Commerce to select businesses to grow the Experience Next Gen Sector by 50% within one year. Additionally, they will select businesses to catalogue on the Wyoming Office of Tourism Partner Portal to increase listings in the Big Horn Basin by 25%. This in-kind administrative support will include: screening eligible businesses to participate with Trip Planner and Partner Portal tools from the Wyoming Office of Tourism, scheduling technical assistance with contractor/ consultant, follow-up with selected businesses to enroll them in the Next Gen Sector Partnership. Moreover, collecting data from the businesses and the Wyoming Office of Tourism to illustrate the effectiveness of the cataloging effort.

- City of Greybull
- Cody Chamber of Commerce
- Lovell Chamber of Commerce
- Powell Chamber
- Thermopolis-Hot Springs Chamber of Commerce
- Washakie Development Association
- Worland Ten Sleep Chamber of Commerce

Contractor/ consultant to provide technical assistance on site to include: instructions to create a profile, upload original images, and write effective messaging that accurately describes experience that is being catalogued in Park County, Big Horn County, Washakie, and Hot Springs Counties. This project is estimated to be completed in 20 to 60 weeks upon grant award.

After cataloging is complete, the next step is to increase partnerships with state organizations including workforce, postsecondary education and training, K-12 education, community-based organizations, and economic development organizations to draw the lines between needed skills to grow the travel and tourism industry in the Big Horn Basin and WIOA approved training. Inform businesses within the Next Gen Sector Partnership of WIOA approved programs in hospitality, outdoor rec, agritourism, communications, and business programs offered by Wyoming post-secondary education & training institutions listed below. Next Gen Sector Partnership Experience Sector Participation

The Next Gen Sector Partnership intends to grow the Big Horn Basin as a destination by leveraging the Experience Sector. If lodging tax collection is used to measure a destination's viability, then Park County is a viable destination in Wyoming with room for growth. Additionally, Big Horn, Washakie, and Hot Springs can leverage Park County best practices for destination development and skills training to greatly increase their lodging tax collections. Below is the WYOMING SALES, USE, AND LODGING TAX REVENUE REPORT 48th edition that illustrates a 3 year snap shot.

The Partner Portal is the hub for the Wyoming Office of Tourism's efforts in providing information on all the great things there are to see and do here in Wyoming. Thousands of potential travelers – and customers – visit TravelWyoming.com or call our office looking for information every month.

This free marketing tool provides a platform for Wyoming businesses offering tourism-related services to reach a national audience. It is the responsibility of the account owner to keep the information updated and accurate. Our office will NOT be held responsible for outdated listings or events and we will NOT make changes on behalf of a business that neglects to utilize the system correctly.

Please note that the Partner Portal serves as the Office of Tourism's primary tool for determining events and activities to promote within our strategy. In other words, if you aren't listed, you are missing out!

TravelWyoming.com Listing, Deals & Events Guidelines

The following guidelines will help you determine if your listing qualifies for a TravelWyoming.com Listing, Deals & Events Partner Portal.

These guidelines were developed based on user research to determine the type of information visitors expect to find on our site and in our publications. Please keep in mind that our goal is to provide information for visitors on fun and exciting things to see and do while traveling in Wyoming. We ask the question, "Is this an event/listing a traveler would plan their vacation around/with?" If not, and if posted, we pose the risk of becoming irrelevant to our audience.

Approval/rejection of all submissions is at the sole discretion of the Wyoming Office of Tourism, which reserves the right to edit or refuse any listing. Some listings may be approved by correcting your submission following the instructions provided. Those re-submitted without corrections may be deactivated from the system. All listings, deals, and events require a photo, detailed description, and physical business address to be approved by the Wyoming Office of Tourism.

By posting content and photos to a listing on our website, you are confirming that all assets, both written and visual, are your property and that you/the business have the rights to all information on the listing. You are also allowing WOT to use the information/photos for marketing purposes beyond a listing.

Partners choose 1 primary category and, up to, 3 subcategories for your business. These categories determine how your listing will be displayed throughout the site. Please note that your categories will be reviewed for accuracy by WOT.

Please remember that these are general guidelines. Contact us directly with any questions or concerns, and we will happily provide additional help. Please contact wot-listings@wyo.gov.
