TOPIC: Colorado Online Summer 2023 Pooled Section Common Course Material Fees

PRESENTED BY: Mark Superka, Vice Chancellor, Finance and Administration

RELATIONSHIP TO THE STRATEGIC PLAN:

Redefine Our Value Proposition Through Accessibility, Affordability, Quality, Accountability, Resource Development, and Operational Excellence.

EXPLANATION:

With the transition to Colorado Online, common course materials and fees are necessary for pooled sections that may have students from any of the System colleges. During the spring 2023 pilot, all of the pooled sections used open educational resources with no student fees. For the summer 2023 term, the Academic Departments across the System including State Discipline Chairs, Department Chairs and faculty were asked to submit exemplar sections and course materials. There was a selection process in which faculty could view the nominated course shells and vote for the one they preferred. This process ended recently and the common course materials were finalized for summer 2023 term. During the transition period over the next fiscal year, this process will occur for future terms as courses transition from CCC-Online to Colorado Online.

For the summer 2023 term, we are submitting the student fees for these pooled Colorado Online sections for Board approval. Table 4 below outlines the new fees for Colorado Online@ pooled sections beginning with the summer 2023 term, along with a brief explanation for why the new fee is requested. These will also be included for reapproval starting with fall 2023 during the normal April tuition and fee setting agenda item.

RECOMMENDATION:

Staff recommends the Board approve the fees listed in Table 4.
