Hi Elizabeth,

It will be for Lilac Kids Pediatric Dentistry. It is currently Core, but Core is closing our dental office and Drs. Creem and Decker are purchasing the practice and building, transitioning it to Lilac Kids Pediatric Dentistry. Sorry if there was any confusion.

Thank you,

Brittney

Hi Dr. Ward,

I was just confused because I have Lilac Kids pediatric Dentistry and then I have Core. What facility is this for?

Thank you.

Hi Elizabeth,

I am practicing with Dr. Jennifer Creem and Dr. Lindsay Decker, and they are the practice owners of Lilac Kids Pediatric Dentistry. I am the general dentist associate. They were the ones that told me to email you regarding the anesthesia at their dental office. They have already emailed you. Do you still need any information from me?

Good afternoon Dr. Ward,

Could you let us know if you are the only Dentist in this office? If not, we will need a list of all dentists and an email from them and Greg Aprilliano also.

Thank you.

Elizabeth Seymour,

My name is Dr. Brittney Ward. I am writing on behalf of our practice, Lilac Kids Pediatric Dentistry, PLLC. Our office address is 5 Hampton Road Exeter, NH, 03833 Our phone number is 603-773-4900.

I request: Greg Aprilliano CRNA, APRN to furnish our practice with anesthesia services. These services will include but not limited to **general anesthesia** in our office based setting.

His contact information is:

Greg Aprilliano CRNA, APRN,
Business name: Prime Anesthesia PLLC
20 reservoir hts,
Plymouth, NH 03264
Phone 603-236-6850

We have included a scripted 911 (transcript), emergency patient transport plan, the role of personnel in an emergency and a sample of our emergency documentation flow sheet (PDF).

Thank you and we look forward to securing an anesthesia permit to better serve our patients.
Sincerely,

Dr. Brittney Ward

Scripted 911 call

My name is _____, calling from Core Physicians at 5 Hampton Road Exeter, NH, 03833 Our phone number is 603-773-4900. We have a medical emergency. The patient was undergoing a dental procedure utilizing anesthesia. The patient is currently being managed by our Dentist and our Nurse Anesthetist. We need to transfer this patient to a local hospital emergently due to cardiac arrest/respiratory arrest/distress. There will be a staff member at the door awaiting the arrival of the emergency unit they will signal you, allow the EMS entry and direct them to the operating room.

The patient emergency transfer plan

The emergency patient transfer plans specifically for the location

911 called

Closest Emergency room- Exeter Hospital, 5 Alumni Dr, Exeter, NH 03833

Closest EMS - Exeter Public Safety Complex, 20 Court St, Exeter, NH 03833

EMS met at door-->Front office staff directs EMS to procedure room-->report given and assist EMS in transfer to the stretcher--> EMS assisted out of the office--> family updated and if possible travels to hospital with the patient. Anesthesia provider and or Dentist will call the emergency department to give a full report of events, including patient history, the procedure done, the anesthetic used, medications given, and explanation for the emergency event

Roles of all personnel in an emergency

Operating Dentist

Remains with Nurse Anesthetist working/supporting the patient.

Assists with pediatric advanced and basic life support measures

Nurse Anesthetist

Remains with patient

Manages the patient utilizing pediatric or adult life support protocols.

Manages and communicates with EMS via phone should it be required

The first dental assistant (in the room)

Notifies the front office staff of emergency via phone or intercom instructs the staff member to call 911/EMS

Following front office notification, the first dental assistant remains in the room to help with patient management

The second assistant-

Assures notification of front office and 911 and utilizes a pre-scripted message.

Returns to assist in patient management

Utilized as the emergency "runner" to obtain needed equipment or items

Office manager-

Secures family in a quiet location

Informs family of an urgent situation and the request for EMS assistance
