

*Policy No. 6022*

*Board Approved: September 20, 2016*

*Revised: (March 2024)*

## **Veterans and Campus Store Purchases Policy**

Veteran students waiting for VA book stipend money are permitted to charge required classroom books purchased from HCC's Campus Store to their individual student accounts. The related administrative procedures must minimally include the following:

- Verification that VA benefits are in process and the student is registered for credit classes
- The student is in good financial standing with the College
- Student completion and signature of a campus store credit form attesting to their commitment to repay HCC by the end of the semester payment deadline

This policy will become effective immediately.
