

Student Athlete Meal Money Plan

The new Student Athlete Meal Money Plan identifies a series of levels to define meal money allocation. This plan allows the Dean of Students and the Athletic Director the ability to consider the distance a team will travel, the meals missed by student athletes, ~~and~~ paid coaches, ~~and~~ volunteer coaches as approved by the Athletic Director, the nature of the competition such as single or double-header competitions, and tournament competitions that expect waiting periods between games in order to pre-determine meal allowances for each trip.

Level I identifies trips such as scrimmages and contests in the local Hagerstown area. Level II identifies trips within a pre-determined distance of HCC. Level III identifies extended trips, and Level IV provides authorization for \$25 for three meals during the day. Overnight trips for team competition uses the same set of Levels, and each day of the trip will have its level pre-determined. Flat rates for each Level are:

- \$0 for Level I trips;
- \$12 for Level II trips;
- \$18 for Level III trips; and
- \$25 for Level IV trips

~~Note: In the future, these rates will be included in the Student and Community Fee Schedule.~~
