Dear BOV Members,

I support MG Wins as VMI superintendent and believe the Institute needs his continued leadership. He has proven to be a steady hand during challenging times, and has steered VMI through some choppy waters toward a better future. The Institute's strategic plan is spot-on, admissions are looking strong, and the school is thriving. Let's keep him at the helm. Thank you very much.

Sincerely,  
Joel C. Christenson '99
