For undergraduate degree programs only

As part of the broader work of the Mathematics Success Initiative, the Math Pathways Task Force has identified four gateway mathematics courses that are suitable general education mathematics course options. These courses, *College Algebra/Pre-Calculus*, *Introduction to Statistics, Functions and Modeling*, and *Quantitative Reasoning*, are included on the Course Equivalency Project transfer matrix and provide rigorous mathematical content that is more relevant and appropriate for specific academic majors.

Please respond to the following questions:

State Regents' Policy 3.4.3

1. Which mathematics course is required as part of the general education requirements? If the program allows for multiple gateway mathematics course options, provide a rationale for each.

[Click here to enter text.](#)

2. Describe how the mathematics course was selected and how it best meets the needs of the program's students.

[Click here to enter text.](#)

3. How does this mathematics course articulate with your partner institutions?
