MC points out concerns with the pipeline of new apprentices coming into the state. Scott says he talks with NFPA about once a month. MC asked about boarder towns and complaints the Chief inspector said it is business as usual; nothing is jumping out at him as overly concerning.

B. Fire Marshall

Discussion: PB spoke about HB 2, MC spoke with the Governor about this issue, MC stated the Boards will not be moving. MC stated he wants what is best for the state, he will do whatever he needs to do to better the state. SFM is tracking HB 134, Rep. Maguire is the sponsor.

Motion: DR and MP to accept; unanimous.

C. Dean- Building Review Code

Discussion: Dean spoke about the BCRB, the subcommittees have been established. The review process is ongoing. The Board will need to replace their member before June.

IV. Rules with Chantell Wheeler and Nik Frye 8:45 AM

Discussion: Chantell talked to the Board about Elec 300, the universal application, and military experience. The Board spoke about how the training in the military is not 1:1 to what is received in the states. Military Spec is not NEC, residential, or commercial. MC feel strongly that the education is not comparable to the states. The Board shared concerns about the format of the application and has concerns about the ADA accessibility. The Board is upset that this information has not been brought forward before today. The Board would like to make sure this is on the April agenda. Erica Ray brought forward concerns she was seeing in licensing and asked if the Board would be willing to change the rules to allow for a better process for her. The Board declined but rather will consider language for Erica to point for when a licensee comes to NH without a NH master signing off on their hours.

Motion: Upon a motion by MC and a second by WI the Board voted to initiate rulemaking on Elec 105, 106, and Elec 300 for the purposes of coming into compliance with current RSAs.

V. Education

NP spoke about education, nothing to report at this time.

CE Broker, put something on the website that it is not required until renewal. Work with erica on the language. Instructions are not listed that did the courses; can we upload the instructors. All approved providers need to be listed. Carson sorts out this mess.

On the provider page, there is a lot of names not spelled correctly.
