**Subject:** Use of AI to Compete Social Work Documentation

**EXTERNAL:** Do not open attachments or click on links unless you recognize and trust the sender.

---

Hello All!

I'm reaching out on behalf of Saskatchewan regarding social workers using AI to complete documentation (field notes, summaries, etc.). Currently, the college does not have any bylaws or regulations that address this topic.

1. Has your board/college or licensing agency had any discussion regarding the use of AI by social workers to complete documentation?
2. Have you developed a policy statement or taken a position re. the use of AI by social workers to complete documentation?

Thanks in advance for contributing to this discussion. I know it will be useful for Saskatchewan and other jurisdictions as well.

**Ashley Lane, LMSW**
