

EXECUTIVE SUMMARY

Recommendation that the Broward College District Board of Trustees authorize the Amended and Restated Utility Easement with The School Board of Broward County to modify the existing easement boundary. Fiscal Impact: \$0.00, Cumulative amount: \$0.00, Revenue: \$0.00

Presenter(s): Deborah Czubkowski, Vice President of Facilities Management

1. Describe the purpose of this purchase of goods, services, information technology, construction, or use of space. The purpose for this item is to amend and restate an existing utility easement between Broward College and The School Board of Broward County to allow 13th Floor Adler Broward South (Central Campus Developer) to construct a new right turn lane.

On July 9, 1996, Broward College granted The School Board of Broward County a perpetual easement along Davie Road that extended the entire length of the College Campus. This easement was granted for the purpose of laying, installing, maintaining, operating, and modifying utility lines. Because the easement is located next to a public right-of-way, it prevents 13th Floor Adler Broward South from constructing a new right-turn lane off Davie Road into the campus. By adjusting the easement boundaries, 13th Floor Adler Broward South, LLC can now meet Broward County's criteria for a public right-of-way, allowing the construction of a right-turn lane while preserving the original purpose of the easement.

If approved, 13th Floor Adler Broward South, LLC would be fully responsible for the design, construction, and all cost associated with the shifting of the easement boundary. A subsequent agreement between Broward College and 13th Floor Adler Broward South, LLC defining the roles and responsibilities to perform the work required to relocate utility lines within the easement will be presented to the BOT in a separate item. Please noted, the Amended and Restated Utility Easement has been reviewed and approved by the Law Office of Tripp Scott.

2. Describe the competitive solicitation method used or, if none, the exemption relied on for bid waiver.

Not Applicable

3. Describe business rationale for the purchase and how it was procured.

(A) What is the benefit of the purchase. If there is an ROI, describe the ROI and how calculated. Not Applicable

(B) How does the purchase support the Strategic Business Plan. Not Applicable

(C) If applicable, what is the rationale for the use of piggybacks, existing contract extensions, bid waivers in lieu of the College conducting a competitive solicitation. Not Applicable

(D) If a competitive solicitation process was conducted by the College, describe the process. Not Applicable
