Fiscal Impact: \$0.00, Cumulative amount: \$0.00, Revenue: \$0.00

Presenter(s): Deborah Czubkowski, Vice President of Facilities Management

1. Describe the purpose of this purchase of goods, services, information technology, construction, or use of space. This Memorandum of Understanding (MOU) aims to grant the City of Pembroke Pines (City) an additional year to use the South Campus Sports Complex (Complex) as a city park and recreational area. In March 2013, Broward College and the City signed a one-year agreement for shared use of the Complex. Under this agreement, both parties agreed to split the maintenance costs, and the City was given the option to renew the agreement for five additional one-year terms under the same conditions

When the Agreement expired in 2019, both parties decided to continue their partnership by creating a Memorandum of Understanding (MOU) with the same terms as the original Agreement. However, during this period, Broward College chose to discontinue its sports programs, leading to a decreased need for athletic fields. As a result of the College's reduced use of the Complex, the City agreed to take full responsibility for its upkeep and maintenance, except for one synthetic turf soccer field, which would remain exclusively under the College's control.

Although the City has maintained the buildings and grounds to an acceptable level until this time, the need for major capital investment is warranted. The City is not opposed to investing the necessary capital to improve the Complex, however has asked that the College grant a longer-term agreement to ensure their continued use of the Complex and reasonable time to enjoy their sizable investment. It should be noted, the City has indicated its willingness to pay the College fair market value for use of the Complex for a longer-term agreement.

The existing MOU is set to expire on February 28, 2025. If approved, this MOU will grant the City one additional year of continued use of the Complex under the same terms and conditions of the original Agreement and would commence upon contract execution and remain in effect through February 28, 2026. This MOU allows either party to terminate the Agreement by providing a thirty (30) day written notice to the other party.

2. Describe the competitive solicitation method used or, if none, the exemption relied on for bid waiver.
Not Applicable

3. Describe business rationale for the purchase and how it was procured.

(A) What is the benefit of the purchase. If there is an ROI, describe the ROI and how calculated. Not Applicable

(B) How does the purchase support the Strategic Business Plan. Not Applicable

(C) If applicable, what is the rationale for the use of piggybacks, existing contract extensions, bid waivers in lieu of the College conducting a competitive solicitation. Not Applicable

(D) If a competitive solicitation process was conducted by the College, describe the process. Not Applicable. **4. Did the vendor amend Broward College's legal terms and conditions [to be answered by the Legal Office] if the College's standard contract was used and was this acceptable to the Legal Office?** The General Counsel's office has reviewed the agreement and any deviation to the College's standard terms has been deemed acceptable.
