To
Mark Crimmins Board Chair
Jesse Ulrich College President
Allyson Walter Board Secretary

It is with great regret that I must resign from the Iowa Central Board of Trustees. I have always thought when you are serving on a board it becomes a high priority to attend the meetings in person. As I have other problems to deal with and I can not give my full attention to the college anymore. I have enjoyed serving on the board for almost 20 years and am proud of the progress we have made during that time. I thank everybody for the friendship that I had during my time on the board. Best wishes to everybody and good luck in keeping Iowa Central the best.
