

Board of Governors Meeting April 10, 2025

O'Neill Extended Campus

1

O'NEILL HISTORY 1996 - 2025

Northeast Community College is dedicated to the success of students and the region it serves.

2

WE CHAMPION STUDENT SUCCESS

☐ Student services

- ☐ Advising
- ☐ Registration
- ☐ Face-to-Face Tutoring
- ☐ FAFSA Completion

☐ 19 GED graduates (since 2019)

☐ Early College

3

EARLY COLLEGE ACCESS PROJECT (ECAP)

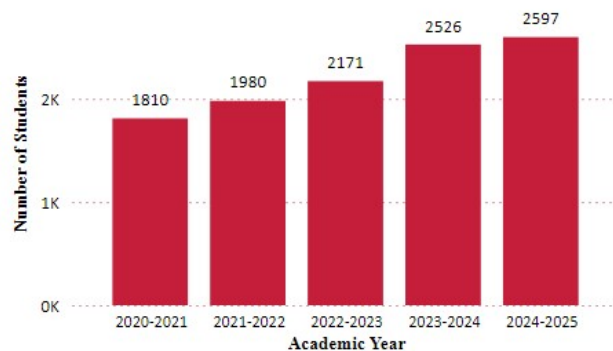

Goal: Expand access to Early College for all high school students, which will increase the college-going rate in Nebraska.

The 20-county region is divided into three zones, with each area hosting its own Early College Navigator.

Navigators will support students' success in Early College by offering ongoing outreach, providing student advisement, and delivering general support.

Total Students by Academic Year

4

NEBRASKA MATH READINESS PROJECT (NMRP)

The Nebraska Math Readiness Project (NMRP) is designed to bridge the gap between high school and college math, ensuring that students are better prepared and more likely to succeed in their post-secondary education.

****Level I: Pre-Alg. Level II: Elem. Alg. Level III: Int. Alg. & Technical Math****

The benefits are clear:

- **No remedial math in college** – students can start directly in credit-earning math courses or even have completed the necessary college math.
- **A self-paced, blended learning approach** – making it accessible and tailored to each student's needs.
- **Higher chances of college success** – removing a major hurdle that prevents students from completing their degree.
- **Free** – Grant funded

5

DATA

In 3 years at Northeast:

4 schools to 18 schools (350% growth)
Collaborate with Little Priest Tribal College
22 students to 168 students (approx/year)

In 7 years at Northeast:
