From the Office of the CEO

The attorneys of the nation's state medical boards comprise a crucial component of the U.S. medical regulatory system of public protection. On November 7-8, dozens of these distinguished public servants from boards across the country will gather in Reno, Nevada, for FSMB's 16th Annual Board Attorneys Workshop.

Designed specifically for attorneys and legal staff of medical boards, the event will include numerous presenters from the medical regulatory community and FSMB, who will address many of the complex legal issues boards currently face.

The event is being facilitated by FSMB's Deputy Legal Counsel Frank Meyers, JD, and Director of Education Kelly Alfred, MS. As always, we look forward to a rich exchange of ideas, innovation and networking. [For more information or to register, please click here.](#)
