Public Safety and Court Services Committee

February 9, 2024

In the month of January, the Lee County Sheriff's Office logged 814 calls for service. As far as notable calls for the month of January, there were several weather events along with the following incidents that occurred...

During the early morning hours of January 9th, the Sauk Valley area received the first big snowfall of the winter. The area received between 4.5" and 6.5" of heavy, wet snow that made for slippery travel. Most schools and public buildings to include the Lee County Courthouses, were closed due to the weather. Over the two days of January 9th and 10th, deputies responded to 48 weather related calls for traffic crashes and stranded motorists.

On January 12th, the Sauk Valley area received a second round of harsh winter weather. The area received between 8" and 12.5" of lighter, blowing snow that was followed up with frigid well-below zero temperatures that made for dangerous and treacherous travel. Wind chills for the 13th, 14th and 15th of January were in the -20 to -40 degree range. Schools and public buildings were again closed due to the conditions. Over the five-day stretch of the storm from January 12th through the 15th, deputies responded to 172 weather related calls for traffic crashes and stranded motorists. (51 on the 12th, 54 on the 13th, 35 on the 14th, 20 on the 15th, and 12 on the 16th) During this time frame, plow operators and tow truck drivers were spread very thin for this weather incident.

On January 15th at approximately 3:05 p.m., the Lee County Sheriff's Office was notified that a train from Union Pacific Railroad had struck a tractor-trailer that was blocking the railway on Willow Road at Track Road just east of Franklin Grove. Responding deputies were informed that the driver of the tractor-trailer had possibly jumped out of the cab of the semi prior to being struck by the train. Upon arrival, deputies met with the driver of the semi, who was identified as Carlos Rivera Rodriguez, age 35, of Mexico. Mr. Rodriguez is a driver for Olvera Freight, and he recently left Crest Foods with a load of Hamburger Helper products. The tractor-trailer was heading south on Willow Road when it apparently became hung up at the crossing and was struck by the eastbound train. The snowy weather conditions appeared to be a factor as to how the tractor-trailer was stuck. Mr. Rodriguez was transported to KSB Hospital by Franklin Grove Ambulance for evaluation of minor injuries. Dabney Services was
