Lee County EMA Activity Report for July 2024

The traffic control support trailer was enhanced by adding a steel tube frame to the front to haul additional type II barricades. A design was developed, materials purchased at a cost of \$103.84 and fabricated by a local certified welder at no cost. The trailer is quickly deployable to any type of event requiring traffic control.

Lee County EMA assisted the City of Dixon with operations during the Dixon Petunia Festival on July 3, 4, 5, 6, and July 7. Light towers, camera system and the Critical Incident Command Trailer were utilized in support of law enforcement. The festival was successful, without major incident. During recovery of the EMA light tower, due to weathered and old tires, a tire failed. Both tires were replaced on the light tower at a cost of \$231.54.

Background checks were completed on recent applications to the Lee County Volunteer Corps (LCVC) Ground Search and Rescue (GSAR) team. Twenty-five new members were accepted. The LCVC GSAR Team conducted its monthly training at Lowell Park on Wednesday July 10. During the training, the Lee County EMA UAS was requested for a subject who ran from Law Enforcement. The drone was flown, the subject was located, and location monitored and shared with Lee County Sheriff's deputies. The subject was taken into custody.

The EOC was opened for four days to a Level 2 to monitor the severe weather predicted by the National Weather Service Chicago Office. A line of thunderstorms moved across northern Illinois during the night of Sunday, July 14 and Monday July 15 producing swaths of wind damage, several embedded tornadoes, and torrential rainfall leading to flash flooding in areas. The level of the Rock River was monitored, and river forecasts were sent to those critical partners who would be affected by flooding and the forecast was posted on the EMA Facebook for public awareness. Daily SitReps were forwarded to primary agencies.

The National Weather Service recorded over thirty-five tornados in northern Illinois, a new record for the two days. A Local weather station in eastern Ogle County recorded winds of 101 MPH. Lee County was spared severe damage. Reports of damage within the County amounted to trees and wires down. No structural damage was reported. Winds in Lee County did not exceed 45 MPH. Approximately 600 ComEd customers were without power. Some power outages lasted for 4 and 5 days.

Lee County EMA was requested in the early hours of July 16th to assist in the evacuation and relocation of residents of the Polo Rehab Center due to a lightning strike and subsequent smoke in the building. Nineteen residents were evacuated and moved to Polo High School without issue. An After-Action meeting was held, and the staff of the facility were pleased with the help provided by assisting agencies. Assisting in events such as this provides valuable experience for similar events if they occur in Lee County.

The EMA Drone was requested for a lost 4-year-old on the outskirts of Dixon. Before arrival, the subject was located outside on a day with temperatures in the 90s and high humidity.

The EM office received a question on what residents should do if they live in a mobile home park during severe weather. Information was provided and subsequently posted on the Lee County Facebook page.

It was discussed with the Facilities Director and Chief of Court Security on the disposition of EM items stored in the 2nd Floor expansion space. Items will be inventoried, logged, disposed of, or stored in an agreed location. Files from previous grants and other documents that are required to be retained were moved from a room where the Treasurer Office has items stored on the second floor into a small closet in the basement.

A switch failed in the UTV. The replacement was ordered on-line and replaced without using a vendor/mechanic.

The Director attended the Regional IEMA meeting in Kewanee. An exercise was developed for later this year in preparation for task book certification as required by FEMA.

The Lee County EM Office in combination with the Lee County GIS Office is working on an app powered by ERSI Survey 1-2-3 to assist in reporting of damage due to severe weather. The program will have a Windshield Survey for first responders to report during, and immediately after severe weather. A Self-Reporting damage assessment survey will be linked to the Lee County Sheriff's Office App and Lee County EMA Facebook Page for citizens to self-report. Both initial surveys will assist in determining if a Preliminary Damage Assessment (PDA) is needed. The PDA data is required to submit a Disaster Declaration Request. The PDA requires staff to go door to door and interview home and business owners on the type and severity of damage to their property including insurance coverage. The data is compiled in a format required by the State, substantiating Lee County meets the uninsured level of damage to apply for aid.

A letter to State and Federal Elected Officials representing Lee County was sent encouraging them to restore FEMA funds to at least FY23 levels. Not only is the budget being cut at the Federal level, but Illinois plans to change the formula on how the Federal Funds are allocated to locals (County EM). These actions will have a direct impact on Lee County.

Attached are screenshots of the severe weather and impacts on Lee County and surrounding areas.

Both James Ballard and Lisa Johnson were detained on the charges in Lee County Case Numbers of 24CF165 and 24CF166, respectively.

The Dixon Petunia Festival took place from July 3rd through July 7th. The Lee County Sheriff's Office assisted with patrolling the venues over the event and provided foot patrol during the evening of July 7th for the fireworks.

On Wednesday evening, July 10th, Lee County Deputies were dispatched to the area of US Route 30 and Walton Road in rural Dixon, for a Burglary in progress. Two individuals wearing masks were observed running from a residence and into a black GMC Sierra pickup. The vehicle then left the residence and was seen traveling north towards the City of Dixon. A witness observed a passenger exit the vehicle just south of Dixon on Pump Factory Road. Dixon Police Officers were in the area and located the black GMC Sierra. A traffic stop was conducted near Rock Island Road and Atkinson Road, and the driver, identified as Michael E. Miller, was detained. A short time later, Lee County Deputies located an individual walking west on Interstate 88 just outside of Dixon that matched the description of the passenger. As a result of the investigation, deputies arrested the two individuals on the following charges:

Michael E. Miller, 42-years of age, from Monmouth, Illinois was charged with:

- Residential Burglary (Class 1 Felony)
- Theft (Class 3 Felony)
- Driving While License Suspended (Class A Misdemeanor)
- Criminal Trespass to Real Property (Class B Misdemeanor)
- Operating a Motor Vehicle with Registration Suspended (Business Offense)

Michael E. Miller is currently on felony probation from Whiteside County. He was charged on January 10, 2024, with the offenses of Burglary (Class 2 Felony) and Retail Theft Greater than \$300 (Class 3 Felony) in Whiteside County Case Number 24CF31. On June 12, 2024, Miller pleaded guilty to felony Retail Theft and was placed on 24 months of probation.

Julian J. Belmonte, 30-years of age, from Monmouth, Illinois was charged with:

- Residential Burglary (Class 1 Felony)

Julian J. Belmonte is currently on pretrial release conditions out of Warren County on charges of Child Pornography (Class 3 Felony). The charges were filed on February 16, 2024, in Warren County Case Number 24CF23. Additionally, Belmonte has pending charges of Retail Theft (Class A Misdemeanor) that were filed on February 15, 2024, in Whiteside County Case Number 24CM44.

Michael E. Miller

Julian J. Belmonte

In accordance with provisions of Illinois SAFE-T Act, Michael Miller and Julian Belmonte were again released the following day on July 11th with pretrial conditions in Lee County Case Numbers of 24CF181 and 24CF182, respectively.

Michael Miller and Julian Belmonte both failed to appear at their court date on July 24th. Arrest warrants were issued for them, and Michael Miller was apprehended by the Sterling Police Department on July 29th. There is still an active arrest warrant for Julian Belmonte.

On July 14th the "No Wake" ordinance was put into effect due to the amount of rain received the previous evening in northern Illinois. The Lee County Sheriff's Office was in contact with the Ogle County Sheriff's Office and the Winnebago County Sheriff's Office to coordinate its institution in their respective counties. The ordinance can be put into effect when flooding or other adverse weather

conditions on the Rock River necessitate it for safety purposes. The ordinance states, "No person shall operate a motorboat at a speed exceeding five (5) miles per hour while traveling in a 'no wake' area." On July 24th, the "No Wake" was lifted due to the receding river level.

The Lee County 4-H Fair took place from July 25th through the 28th. Deputies periodically monitored the event and conducted traffic control during the peak volume times.

Staffing Update

From the Corrections Division, two correctional deputies are still attending training at the Macon County Law Enforcement Training Center in Decatur. They will graduate on August 9th.

From the Patrol Division, two other deputies are still attending the Basic Law Enforcement Officer Academy at the Sauk Valley Community College – Law Enforcement Academy. Both of those deputies are slated to graduate from the academy on August 22nd. Sergeant Matt McGrail is still away from the Department and on active military orders until the beginning of October. The Department was recently notified that another deputy will be called to active-duty service sometime in September. This deputy will likely be deployed for somewhere around one year. On a positive note, the injured deputy from last month's report has been released back to full and unrestricted duty.
