<b>SOLICITATIONS IN PROGRESS</b> <i>Project approved and solicitation in draft phase</i>	PURPOSE	DATE APPROVED BY THE BOARD TO POST	NWFSC DIVISION	ESTIMATED COST OF GOODS/SERVICES
RFP/ITN Campus Bookstore Operations	The existing bookstore operations agreement ends in 2025, leading to the need to newly bid bookstoreoperation services.	10/15/2024	Business Operations	\$9,000,000
Custodial Services	Routine and special project cleaning of building interiors and exteriors (including adjacent walkways, stairways, and common areas), daily sanitation of all bathrooms and locker rooms (per SREF), and such other duties as may be assigned within the scope of routine daily custodial work schedules.	2/18/2025	Facilities	\$1,400,000
Landscape Maintenance Services	Comprehensive landscape maintenance program and horticultural services for The Northwest Florida State College State College (NWFSC) Campuses and Centers.	2/18/2025	Facilities	\$640,000
Request for Proposal (RFP) Architectural Design Services for Remodel Building 510 First Responder and Public Safety Training Center	Remodeling of the building will allow the College to offer more classes at a better quality in the Public Safety programs. These are typically high wage, high skill, and high demand jobs. Enhancing the quality the Training Center will allow NWFSC to further partner with area first responders and law enforcement to provide continued training and education for our area officials. Existing facilities and equipment are dated and do not adequately represent the equipment that graduates will be utilizing on the job.	12/13/2023	Facilities	\$13,874,651
Request for Qualifications (RFQ) Architectural Design Services and Engineering Services   Continuing Contracts	Services would include consultation/assistance with individual construction projects of less than \$7,500,000 (plus an annual increase based on the CPI), or basic planning and studying activities with a fee for professional services being less than \$200,000. The College wishes to prequalify multiple firms in each of the following four areas: architectural, mechanical/plumbing engineering, electrical engineering, and civil engineering.	5/30/2024	Facilities	Not to Exceed \$600,000, or 8% of \$7,500,000 total project cost
