Memo

Re: Solicitations Listing

A status report of the College's current solicitations in progress is attached for your review. The stages of a solicitation, as reflected on the status report, are requesting approval to post a solicitation, followed by solicitation development and publication, the period of accepting bids, and then bringing the award to the Board for approval. This month, the College seeks approval to move forward with two solicitations to support the ongoing and future renovation projects across College properties.

RECOMMENDATION:

The Board approves the Invitation to Bid for paving services for the Niceville Driving Pad and the Request for Qualifications for Architectural Design Services and Engineering Services to establish continuing contracts for construction projects of less than \$7,500,000 consistent with current statutory thresholds.
