	Workforce Development	Padgett Creek LLC	November 20, 2024 - June 30, 2025	\$1,460,750.00	Fund 3 Training Inmates - Workforce 311137	6A-14.0734 (2)(f) Professional Services	Onsite workforce training for inmates in Florida Department of Corrections facilities.	NWFSC has directly provided local Florida Department of Corrections inmate training in local counties for several years. FDOC has offered NWFSC the opportunity to provide training statewide, which requires NWFSC to hire a third party to provide the instruction to facilities which are outside of the College's local service territory. FDOC has agreed to allow NWFSC to subcontract the work. NWFSC is using an FDOC-recommended provider, Padgett Creek LLC. Padgett Creek LLC uses independent contractors (not employees) to complete the trainings in the correctional institutions. This purchase will allow the College to pay Padgett Creek for each completed training after the College receives payment from FDOC. The majority of the FDOC funding will be a pass through to Padgett Creek for its services, but the College will retain an amount to compensate the College for being responsible for the work and providing limited administrative oversight.
